### What-If Report

#### What-if Report Selection

You may be thinking of changing your program of study and wonder how that change would affect your progress. You can use this component to set up and request a simulated or "what-if" advisement report based on alternate programs of study. Click the Create New Report button to set up your what-if scenario.

**CREATE NEW REPORT**

4. Select Catalog year, Area of Study, and Concentration (if applicable) and hit submit request button.

You may be thinking of changing your program of study. Using this page, you can set up what-if scenarios based on different academic programs. You can even add what-if courses. The what-if report allows you to explore degree options - it is not an official academic advisement report. Select the current catalog year unless you have rights to a previous catalog. It is important to refer to the catalog or see an advisor to determine catalog rights. Click the Submit button near the bottom of the page to request an academic advisement report based on your what-if information.
